RAIDERS SHOT FROM PARIS SKY AS ALLIED RESISTANCE STIFFENS

Antwerp Falls to Onrushing Nazis; U. S. To Speed Warplanes to Allies

Roosevelt Will Force Production of Craft For England, France

To Place Administration's Strength
Behind Rapid Delivery of 4,000
Ships Already Ordered.

WASHINGTON, May 18.—(AP)—President Roosevelt was said authoritatively today to have decided to put the administration's force behind efforts to speed deliveries of American-made warplanes to the hard-pressed Allies.

Informed airmen said means to hasten completion of more than 4,000 planes which Britain and France had ordered since the war started would figure prominently in a conference of industrial leaders with government officials Monday.

The feasibility of turning over to the Allies new planes manufactured for the army probably would be considered also, it was predicted, though officials said no formal requests that this be done had been received thus far.

Progress Is Swift.

Mr. Roosevelt's extraordinary program to strengthen defenses at some made swift progress in Congress during the day, and word spread that the chief executive might ask still more millions for armament later if he deemed them necessary.

The subcommittee provided that the money should be available the moment the law is signed, instead of next July 1, as most appropriation measures specify, and sent the bill to the full appropriations committee for consideration Monday.

Vinson Wins Support.

Chairman Vinson, Democrat, Georgia, won bi-partisan support in the house naval committee for legislation giving the President authority to overstep federal statutory provisions to hasten defense construction.

When some committee members proposed broader terms for the bill, Vinson warned that "we must go along in a sane, sensible manner."

This caused Representative Maas, of Minnesota, ranking committee Republican and a naval reserve officer, to suggest that congress "must not hamstring the navy. Let's give them proper authority."

Most committed debate was over a provision removing the existing limits of 40 hours a week and 8 hours a day for workers employed by the navy or on naval contracts.

Vinson suggested a three-year limitation on the new powers, with the added limitation that congress could curb them at any time by a joint resolution which would not require approval of the President.

PHOENIX, Ariz., May 18.—(UP)—An earthquake of moderate intensity rocked the city of Phoenix between 9:37 and 9:39 o'clock tonight. 11:30 Atlanta time.

The distinct shocks were felt.

Residents flooded the sheriff's office with telephone calls, telling of moving furniture and sliding

Four Are Killed As Quake Hits In California

El Centro Buildings Damaged; Phoenix, Ariz., Shaken.

Residents of the Los Angeles metropolitan area also were within the range of the tremors and several shocks, "gentle but perceptible," were recorded at Long Beach and other suburban sections. No damage was reported there, however.

At Pasadena, where there have been light quakes during the past 24 hours, residents said a shock at 8:33, Pacific coast time, was the sharpest of all them.

Communication lines out of El Centro, Calexico, Imperial and other Imperial Valley towns were down.

Many of the arcades that shielded El Centro's sidewalks were said to have been shaken down by the quakes.

The Imperial valley felt the full force of a heavy earthquake tonight as buildings collapsed in El Centro, Brawley and Imperial, injuring several persons. The walls of the El Centro hotel here collapsed. Heavy damage was caused in Brawley, Imperial, and throughout the Imperial valley, the Associated Press said.

(Reports to El Centro from Crawley police stated that bridges had collapsed, highways "buckled up" and several buildings were wrecked.

A San Diego radio amateur said he intercepted a message from an Imperial amateur saying all the brick buildings in the town were down and indicating a heavy injury toll.)

PHOENIX, Ariz., May 18.—(UP)—An earthquake of moderate intensity rocked the city of Phoenix between 9:37 and 9:39 o'clock tonight. 11:30 Atlanta time.

The distinct shocks were felt.

Residents flooded the sheriff's office with telephone calls, telling of moving furniture and sliding

glass, chinaware.

FRENCH ADMIT LOSSES—With motorized warfare by the Nazis leaving definite battle lines behind, here was the approximate lineup in France and Belgium late last night.

(1) Germans take Antwerp and aim at channel forts. (2) Northern tip of Nazi drive that Berlin claims is 60 miles from Paris. (3) Center wing of the drive on

Paris by motor columns. (4) Berlin announced a new advance south of Sedan. (5) Germans expect Allies in Belgium to fall back to new line near Lille (indicated by broken line). Belgian reports indicated some forts at Namur and Liege (circles) still were active. Paris denied Berlin claims, saying the foe was 90 miles away.

Young Atlantan Slugged, Left On R. R. Track

Engineer Credited With Saving Life of William Campbell.

Prompt action by the engineer of a Southern switch engine was credited last night with probably saving the life of a young Atlanta man who told police he had been slugged by an unknown assailant and placed between the railroad tracks at Henderson's crossing.

The engineer, whose name was not learned, halted the engine and called police. The man, William Campbell, 24, of a Ridge avenue address, a textile mill worker, said he was walking on Walker street en route home when he was struck.

"That's the last thing I remember," the police quoted him as saying. "I woke up on the tracks." Campbell was treated at Grady hospital for cuts of the head and mouth.

The distinct shocks were felt.

Residents flooded the sheriff's office with telephone calls, telling of moving furniture and sliding

Writer Returning From Front Bombed by German Raiders

Refugees From Belgium and Northeastern France Stream Toward Interior; Peasants Forced To Flee Homes.

By H. TAYLOR HENRY, PARIS, May 18.—(UP)—Fleeing crowds of (three words censored) refugees from Belgium and northeastern France are streaming toward the interior while the French army meets the triphammer blows of the invading German shock forces.

I have just returned to Paris from a week's stay along the sector of the front where the fighting is now heaviest.

For more than 70 miles I bicycled along roads packed with slowly plodding peasants and automobiles and convoys moving in the opposite direction.

I started back to Paris 24 hours ago from Cambrai after being bombed for more than an hour (four words censored). At least 30 old men, women and children were killed.

An old man hobbled around trying to stop the flow of blood spurting from the stump of his arm.

A baby huddled in the corner of the station kept wailing "Mama, mama."

The fighting in this first of real-life modern battles has been heavy.

As P. J. Philip, of the New York Times and I were setting out early yesterday morning for Paris on bicycles, the only available means of transportation, a German plane dive-bombed behind us.

It loosed five bombs on railroad tracks. We were within 40 yards. We threw ourselves flat against a wall amidst a shower of bricks and glass, and then raced to a shelter to avoid the plane's spraying machine-gun bullets as it returned.

I pedaled back toward the hotel. Again the planes attacked. The bombs fell a block away. They were bigger bombs this time. The force of the explosion knocked me off the bicycle, ripping the back wheel to pieces.

Again the plane returned to

Mexico City Posters Hail Allied 'Defeat'

U.S. Watches Increase of Pro-Nazi Propaganda; Press Lauds Germany

MEXICO CITY, May 18.—(UP)—Posters hailing the retirement of the Allied forces from Norway appeared on buildings in the downtown district today.

"Defeat of the Allies in the northern zone of Europe (Norway) implies that 50 per cent of the German victory has been accomplished," one of the posters said.

"English tyranny will be liquidated and Allied hegemony broken."

While the anti-American propaganda increased, the government intensified its search for "fifth column" elements in the country. No results of the investigation were announced, however.

It was learned that the United States was watching developments vigilantly.

Bombs destroyed the hotel which for a week had been my headquarters between trips to the front.

Everything I had, including a typewriter and a steel trench helmet issued by the American embassy, was lost.

I prevailed on a terror-stricken boy on a bicycle to repair my wheel.

Philip and I started out again for Paris. As we left a squadron of at least 30 planes was bombing and machine-gunning behind us.

We saw billowing clouds of smoke rising from burning towns and villages as we pedaled 70 miles to the front halting place.

(Nazi air superiority is proving itself on the French and Belgian fronts. Story on Page 2-C.)

Germans 60 Miles From Metropolis, Says Nazi Command

Situation Grave, Reynaud Declares; Petain, 'Victor of Verdun' in 1914, Becomes Vice Premier.

By The Associated Press.

PARIS, May 18.—French planes and anti-aircraft guns shot down four of sixteen German air bombers today to frustrate a bombing raid on Paris while the Nazis' warlike of men and machines engulfed Antwerp and was swinging west across France tonight toward the Oise valley—the road to Paris—meeting stiffened resistance.

The Berlin high command reported Germans were within 60 miles of Paris, but French military chieftains declared they were still 90 miles away.

The iron legions of Hitler hoisted the German battle flag on the city hall of Antwerp, fortified North Sea anchor of the whole Allied line. Antwerp fell to the German motor columns in nine days, 57 days ahead of World War schedule.

Gigantic Battle in Progress.

A French high command communiqué said the Germans were "attacking in a westerly direction with powerful resources, despite considerable losses." This was at the end of nine days of the battle in Belgium and northern France which fighters and war correspondents say is like nothing ever witnessed in history.

One French officer told H. Taylor Henry, Associated Press war correspondent:

"Two hours of this is worse than two days of the Battle of Verdun."

Under New Leaders.

Meanwhile, Frenchmen were fighting under a new government headed by Premier Paul Reynaud and Marshal Henri Philippe Petain, World War "victor of Verdun." Petain, who has been ambassador to Spain, was called back to France to assist in prosecution of the war. He was made vice premier.

In Berlin, DNB, German official news agency, reported that 29 civilians were killed and 51 injured in an air raid on Hamburg last night. A number of houses and other buildings were reported damaged. The news agency also said that 11 civilians were killed and 63 injured in a British air raid last night on Bremen, Germany.

Today the Germans advanced to Guise, about 14 miles west of Vervins, and to Landrecies, about 12 miles west of Avesnes and some 85 miles east of the English channel.

Avesnes heretofore had been the western edge of the salient into the northern French plains, its lower edges well within 100 miles of Paris.

The German objective in turning to the west appeared

Continued on Page 4, Column 2.

War at a Glance

PARIS—French command reports heavy fighting in vicinity of Guise and Landrecies, roughly 90 miles from Paris; widening of German foothold in France acknowledged; Premier Reynaud revamps cabinet. Nazi planes driven from Paris.

BERLIN—Germans take Antwerp; report they are within 60 miles of Paris but fail to say where; "pacification" of Holland proceeding, with more troops to be released for drive against France and Belgium; blame British fliers for civilian deaths in Bremen and Hamburg.

LONDON—British say German drive slackening a little but admit it still advancing; Royal Air Force bombs Bergen, Bremen and Hamburg oil stores and swoops on German columns west of Namur, Belgium.

ROME—Italy believed to be awaiting Nazi death blow at Allies before acting; keeps eyes on Balkans.

WASHINGTON—Roosevelt reported determined to back faster delivery of planes to Allies; possibility that part of League of Nations may move to United States is suggested.

11 Scholarships Are Awarded At Dinner Here

Political Science Students Aided by Georgian's Estate

At the 1939 national assembly of the Knights Templar of America, two Georgians met on the boardwalk at Atlantic City.

They were the late J. K. Orr and the late George B. Whiteside, of Atlanta and Columbus. Out of that meeting developed a plan of assistance for young men of Georgia which last night saw awarded 11 scholarships as many selected young men who this fall will take up the study of political science at Emory University.

Awards were made at the annual dinner of the Emory chapter of the political science fraternity, Pi Sigma Alpha.

The funds left by the Whiteside estate are administered by the Knights Templar Foundation and each year scholarships will be made available to those selected from the group presenting itself as 10 Scholarships Offered.

Ten scholarships were offered. An alternate was chosen and in the event all 10 young men accept the scholarships as planned, the Atlanta Rotary Club will give a similar scholarship to the alternate.

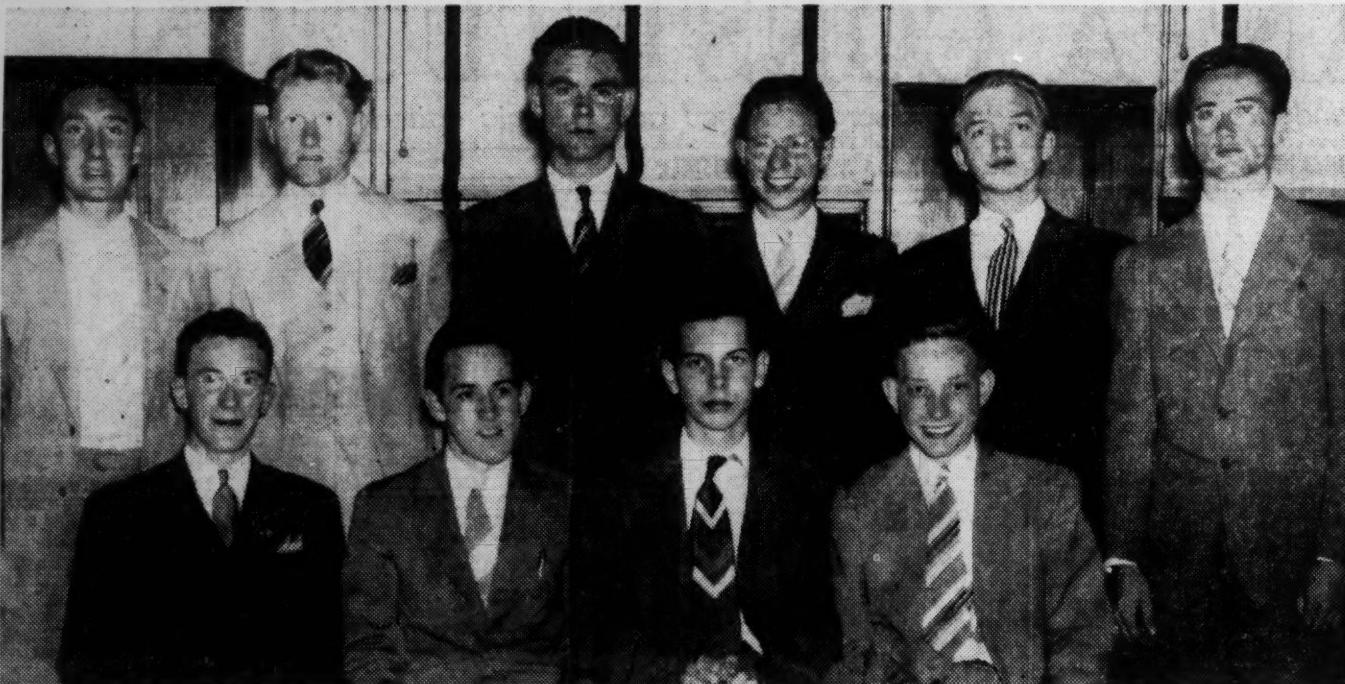

The entire fund was available this year but for many years until the time of her death, the late Mrs. Whiteside had followed the custom of her husband and made available annual scholarships.

The 11 young men receiving scholarships were selected from a group of 28 contestants named from junior colleges in the state. They are: Forrest Champion, of West Georgia College, and Chipley; William Cone, of Armstrong College, and Savannah; James Corley, of Emory University, and Marietta; Lee Dickens, of Emory, and Sparta; Virgil Griffis, of Middle Georgia College, and Cecil; Ernest Hadley, of Southwestern, and Columbus; Charles Jacobs, of Young Harris, and LaGrange; Sam McCain, of Middle Georgia College, and Bremen; William Mitchell, of East Georgia, and Villa Rica; Marion Rice, of Armstrong, and Savannah; and Ed Whigham, of Middle Georgia, and Eastman.

Honorary Members.

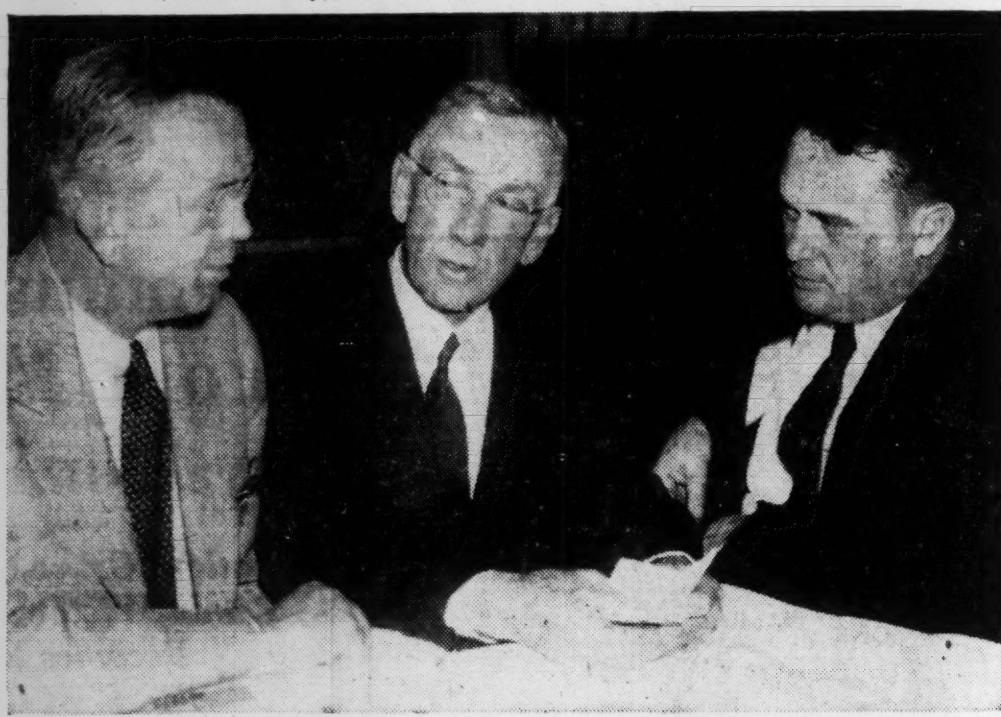

Thomas C. Law, speaking for the committee, said that those who did not receive scholarships might make application to the Rotary foundation.

In addition to the awarding of the scholarships, the Emory chapter of Pi Sigma Alpha awarded three honorary memberships and presented citation plaques to three Georgians. They are (left to right) Thomas C. Law, Atlanta businessman; Rush Burton, editor of the Lavonia Times; Thomas C. Law, Atlanta businessman prominent in assistance to

THE WINNERS—Here are 10 of the 11 young men who were awarded scholarships in political science last night at the annual dinner of the Emory chapter of Pi Sigma Alpha, political science fraternity. Front row (left to right) are Forrest Champion, of Chipley; William Cone, of Savannah; James Corley, of Marietta, and Lee Dickens, of Savannah.

of Sparta. Rear row (left to right) are Virgil Griffis, of Cecil; Charles Jacobs, of LaGrange; Sam McCain, of Bremen; William Mitchell, of Villa Rica; Marion Rice, of Savannah, and Ed Whigham, of Eastman. Ernest Hadley, of Columbus, is not in the picture.

Constitution Staff Photos—Pete Roton.

GEORGIA CITED—In addition to awarding of the scholarships, the Emory chapter of Pi Sigma Alpha awarded honorary memberships and presented citation plaques to three Georgians. They are (left to right) Thomas C. Law, Atlanta businessman; Rush Burton, editor of the Lavonia Times, and Ralph McGill, executive editor of The Constitution.

young men through Rotary and the Masonic order, and Ralph McGill, executive editor of The Atlanta Constitution.

Citations were by Alva Lines, Glenn Hogan and Parker Bedingfield. Plaques were presented by Dr. Cullen B. Gosnell, professor of political science at Emory, who acted for the national office of the fraternity.

Officers of the Alpha Epsilon chapter of the fraternity are: Jack McLaughlin, president; Tom Henderson, vice president; Olin Wimberly, secretary and treasurer, and Dr. Gosnell, national vice president. Edward Gazele served as toastmaster.

SCHOOL IS BURNED. SOCIAL CIRCLE, Ga., May 18. Jersey school, six miles west of here, was destroyed early today by fire of undetermined origin. The building, three years old, was of brick veneer construction.

Georgia G.O.P. Ousts Former District Chief

B. H. McLarty, of Lyons, Ejected; All Delegates Uninstructed.

By The Associated Press.

A lively Georgia Republican convention highlighted by the election of a former district chairman and the "walkout" of a Dewey advocate yesterday elected four delegates and four alternates from the state at large to the national convention. All were uninstructed.

Georgia's 14 votes will be cast at the Philadelphia convention June 24 by these 10 delegates, with alternates, previously named by congressional district conventions. They also were uninstructed.

During a clamor over procedure early in the session, former first district Chairman B. H. McLarty, of Lyons, was put off the convention stage and floor. He protested he was there as a press representative.

Convention Chairman James H. Crumley, of Rochelle, who quieted the clamor, said McLarty was "politicizing" among delegates during election of officers and stated the election was at the instance of National Committeeman James W. Arnold, of Athens.

"He was not a delegate and did not even have a visitor's card," said Crumley.

Hager Re-elected.

The convention named Crumley permanent chairman, W. J. Shaw, Atlanta Negro, permanent secretary; re-elected Clint W. Hager, of Atlanta, chairman of the state central committee for another two years and recommended re-election to the national committee of Arnold and Mrs. Bertha Field, of Marietta.

The Dewey advocate "walkout" occurred after the credentials committee had decided in favor of D. C. Cole, of Marietta, in a contest over the national convention delegateship from the seventh district.

Frank Gleason, of Rossville, loser in the contest, who will appear at Philadelphia, walked onto the stage and asserted: "Before I take a walkout I want to say that any man with the gumption to come out for Tom Dewey has no more chance in this convention than a snowball in Chicago."

Heckling burst out and the red-

haired attorney retorted, "I expect that but I want to say that the action of this iniquitous committee is disgraceful and high-handed. It would make Dillinger blush."

Hurk Charge.

Hurk charged that Mr. and Mrs. P. G. Morgan were seated in the seventh district convention recently "although they are residents of Chattanooga, Tenn.—I've got the registration list here to prove it."

Mrs. Morgan strode onto the stage angrily and old Gleason, "I've been a resident of Georgia for nine years and you know it, because you are the attorney who drew the lines for my property."

Smiling, Gleason replied, "Here's the registration list!" Then as he left the stage he said, "Let's elect Tom Dewey President of the United States."

Mrs. Morgan strode onto the rostrum briefly, smiling.

"I'm sorry I lost my temper, but I want you to know I am not a four-year Republican," said the attractive brunet. "I am a Republican every day and have been every day of my life for 41 years."

Electon Swift.

After this exchange the convention swiftly elected as state-at-large delegates, Arnold, Hager, Ben J. Davis, Atlanta Negro, and former national committeeman, and C. Gassett, Cartersville Negro and bursar of Morehouse College.

State-at-large alternates to Philadelphia were elected as follows: Josiah T. Rose of Atlanta; Judge W. G. Cornett of Athens; B. F. Cofer, of Atlanta, and Sidney A. Jones, of Savannah, the latter two veteran Negro party leaders.

The district delegates to the national convention:

First: Charles M. Jordan, of Glenwood; alternate, Dr. J. H. Van Buren, Negro, of Statesboro.

Second: J. L. Phillips, of Thomasville; alternate, Hubert Kent, of Tifton.

Crumley named.

Third: James H. Crumley, of Rochelle; alternate, J. E. Carter, of Lumpkin.

Fourth: Wilson Williams, secretary of the central committee, and alternate, H. G. Roberts, of Villa Rica.

Fifth: Harry Sommers, of Atlanta; alternate, Dean D. J. Hilkie, of the Emory University Law school.

Sixth: Herbert (Buddy) Block, of Macon; W. L. Hughes, of Dublin.

Seventh: D. C. Cole, of Marietta; alternate unavailable.

Eighth: J. H. Rush, of Lumberton City; alternate, Hugh L. Vollont, of Waycross.

Ninth: Luther Cobb, of Blue Ridge; alternate, unavailable.

Tenth: Clarence S. Wigfall, of Augusta; alternate, unavailable.

Wilson Williams was re-elected secretary of the central committee; Dr. H. J. Carswell, of Waycross, elected first vice chairman; Roscoe Tucker, second vice chairman, and Harry Sommers, treasurer.

A theme running through numerous speeches in convention was "the next President will be a Republican" and Crumley exhorted delegates to strive for establishment of a two-party system in the south.

The speeches and discussions were bare of the name of any

Cecil W. Hester To Make Race For Re-election

First Ward Councilman Announces Entry in City Primary.

Cecil W. Hester, 34, bank executive and member of city council for the last half a dozen years, yesterday formally announced to succeed himself as first ward councilman subject to the city Democratic primary September 4.

Hester represented the old third ward for two years and in 1936 was re-elected from the newly created first ward. He has served continuously since his first entry into politics in 1934.

A member of the budget committee, Hester has devoted much of his time to a study of financial problems affecting the municipality. He is chairman of the parks and aviation committee, and has served as a member of council's police committee for the past five years. He also is a member of the buildings, grounds and athletic and the ordinance and legislation committees.

Under his administration as chairman of the parks and aviation committees, the control tower was constructed at the Atlanta airport to make aviation safer for flyers and also to keep Atlanta abreast of other sections of the country in air activities.

The parks committee is largely responsible for administration of a \$60,000 fund provided this year for purchase and improvement of playgrounds in the six wards of the municipality, and the Cyclorama painting of the famous Battle of Atlanta was dramatized and improved under the direction of the parks committee and Hester's chairmanship.

Hester is the youngest member

WILL RUN—Cecil W. Hester, bank executive, yesterday formally announced to succeed himself as first ward councilman, subject to the Democratic primary September 4.

of council. For the past 17 years he has been engaged in banking and financial circles, in which he is well known.

"If re-elected, I propose to continue my constructive efforts in behalf of a better Atlanta and an improved municipal government," he said. "I offer myself on my record of service, believing that my fellow citizens desire to continue an honest, conscientious and business-like administration of their affairs."

BAPTIST CONFERENCE.

ELBERTON, Ga., May 18.—The northeast Georgia regional convention of the Baptist Training Union, comprising 17 counties,

was held here yesterday with Dr. Louie D. Newton and James W. Merritt, of Atlanta, as the principal speakers. About 140 representatives attended.

Reserve Officer Group Meeting At McPherson

Convention, Contact Camp Are Being Held Simultaneously.

Representatives from the 25 chapters of the Georgia department of the Reserve Officers' Association of the United States gathered at Fort McPherson yesterday for the annual convention of the department and the annual establishment of a contact camp.

The contact camp, attended by nearly 300 reserve officers, is being held simultaneously with the convention this year due to pressure of the War Department affairs. However, officers of the camp declared that matters concerning national mobilization and the European war would not be officially discussed by the organization.

McWhorter Presides.

Colonel Fonnville E. McWhorter, president, presided at the business meeting yesterday and reports were given by the following officers: Captain W. B. Carson, Lieutenant Colonel C. M. Boyer, Lieutenant J. T. Carlton, Lieutenant Colonel E. B. C. Danforth Jr., Captain C. E. Bell Jr., Colonel William P. Nicholson Jr., Captain W. M. Gignilliat, Captain W. R. Deal, Lieutenant Colonel E. W. Smith, Lieutenant Colonel Gaston L. Deekens and Lieutenant R. B. Jones.

Welcome addresses and responses were given by Brigadier General Robert O. Van Horn, commanding general of Fort McPherson; Captain W. G. Grant, president of the fifth congressional district chapter, host to the convention; Lieutenant Colonel Percival S. Moses, vice president, and Major James K. Lawton, president of the fourth corps area.

Convention Ball.

The convention ball was held last night with the members of the fifth congressional district chapter as hosts.

Today's session of the convention will begin at 9:30 o'clock this morning, and following reports from committee chairmen; Lieutenant Colonel Clifford R. Jones, regular army executive officer of the Atlanta area, will introduce the instructors of the unit schools. He will be introduced by Colonel Clifford C. Early.

Congressman Robert Ramspeck will be guest speaker at the meeting at 11:30 this morning. The afternoon assembly will be held at the Post theater at 2 o'clock. Following the presentation of awards, officers for the coming year will be elected.

Gasoline Bribes Added To Hitchhike Technique

ELY, Utah, May 18.—(AP)—To hitch-hike technique add the gasoline bribe method.

Sheriff J. E. Orrock said it works like this: A transient drops into the county relief office with a tale of being stranded for lack of money or gasoline. The county obliges with gasoline. The transient then uses the motor fuel to hitch rides.

Since Sheriff Orrock discovered the strategy, the county has quit giving away gasoline until transients prove they own a car.

DEAN OF THE JUDGES—Although Associate Justice Samuel C. Atkinson has served on the Georgia supreme court for 34 years—longer than any of his associates—he is still young in spirit. The court has changed comparatively little during his period of service, he says.

Emory Reveals List of Winners Of Scholarships Judge Atkinson Serves on High Court 34 Years

Walter Strauss, Boys High, Places First in Atlanta Area.

One Atlanta, Walter A. Strauss, was among 11 Georgia high school seniors who yesterday were declared winners of scholarships to Emory University by officials of the school's alumni association.

Strauss, a student at Boys' High school, lives at 977 Ponce de Leon avenue. A classmate, J. James Ingram, of 888 Williams Mill road, was selected as alternate in District Four. Along with 21 other seniors throughout the nation, Strauss will receive \$300 to apply to his first two years at Emory.

William H. Turpin, of Macon, won the Georgia state-at-large award with a grade of 76.28 per cent on the examination sponsored yearly by the alumni. Four points ahead of his closest rival, Turpin led a field of 860 seniors who took the test with an average grade of 32.45 per cent.

Winners in the 10 Georgia districts are:

District One—Allen F. Colley, Grantville; alternate, William S. Wilcox, Elberton.

District Two—Howard S. Millsaps, Elmore; alternate, Thomas W. Sauls, Marietta.

District Three—George M. Lane, Lincoln; alternate, Carl J. Arnold, Elberton.

District Four—Walter A. Strauss, Atlanta; alternate, J. James Ingram, Atlanta.

District Five—Robert A. Robards, Villager, Atlanta; alternate, Mario G. Almagro, Atlanta.

District Six—Stokes M. Tolbert, Columbus; alternate, Neil F. Brennan, Columbus.

District Seven—McKibben Lane Jr., Macon; alternate, Edwards C. Whaley, Reynolds.

District Eight—James C. Freeman, Sylvan; alternate, Walter L. Perryman Jr., Milledgeville, Ga.

District Nine—Robert W. Conner, Dawson, Georgia; alternate, A. Tate Cordeiro, Atlanta.

District Ten—John V. Rowe, Brunswick; alternate, James M. Tucker Jr., Arcadia.

Winner of the Alabama scholarship was Howard Thompson, Decatur. The alternate position went to James C. Peterson, Elmore.

Winners in Florida included George L. Costner, of Miami; Lockland V. Tyler, of Jacksonville, and Joseph R. Henschen, of Orlando.

Florida alternates were David E. Lane, of Miami; William L. Truett, of Tallahassee, and John William Dolton, of Miami.

The single Mississippi scholarship went to Robert N. Spalding Jr., of Macon, Miss.; alternate, Robert W. Conner, of Gulfport Military Academy, at Gulfport.

North Carolina—Virginia—Robert S. Abernathy, of Gastonia, N. C.; alternate, Charles W. Johnson, of Winston-Salem.

South Carolina—Joe Wilbur Lynch Jr., Spartanburg; and Billy S. Politzer, Greenville; alternates, John W. Hicks, Greenville, and Robert P. Bechelheimer, Spartanburg.

Goebbel's Suez Shares Are Attached by Paris

PARIS, May 18.—(AP)—A civil tribunal today attached 100 shares of stock in the Suez canal which court authorities said belong to German Propaganda Minister Paul Joseph Goebbel.

The Suez Canal Company is a stock company with most of the shares in French and British hands.

The authorities added all the amounts up to the present had been cashed and the money deposited to Goebbel's account in a Luxembourg bank.

If you want to show Justice Atkinson a good time, take him fox hunting. He loves it. He never tires of following the dogs, but don't try to take him out on a golf course, where you have to chase a little white ball. He just doesn't care for golf.

The justice swung his swivel chair around and buried his thoughts once more in a pile of legal documents. After all, talk of fox hunting isn't scheduled between the hours of 9 and 4.

Diplomats From Tokyo To Americas Will Talk

RIO DE JANEIRO, May 18.—(AP)—Japanese diplomats in the United States, Canada and northern Latin America will hold a conference in Washington June 18 to 22, it was announced today.

Ministers to Canada, Mexico, Venezuela, Colombia and Sotomatsu Kato, special roving ambassador, will attend.

Kato attended a similar conference here which dealt with Japanese trade and emigration problems in South America.

Girl Hurt in Explosion—Of Overheated Glass Eye

SALEM, Ore., May 18.—(AP)—Naomi Merrick's glass eye exploded, inflicting severe cuts in the interior of the eye socket.

The accident was attributed to expansion caused by heat. Her injury is not serious.

Editor Is Selected As Emory Speaker

Douglas Southall Freeman, editor of the Richmond News-Leader, will deliver the baccalaureate address to 303 Emory University graduates on commencement day, June 10, President Harvey W. Cox said yesterday.

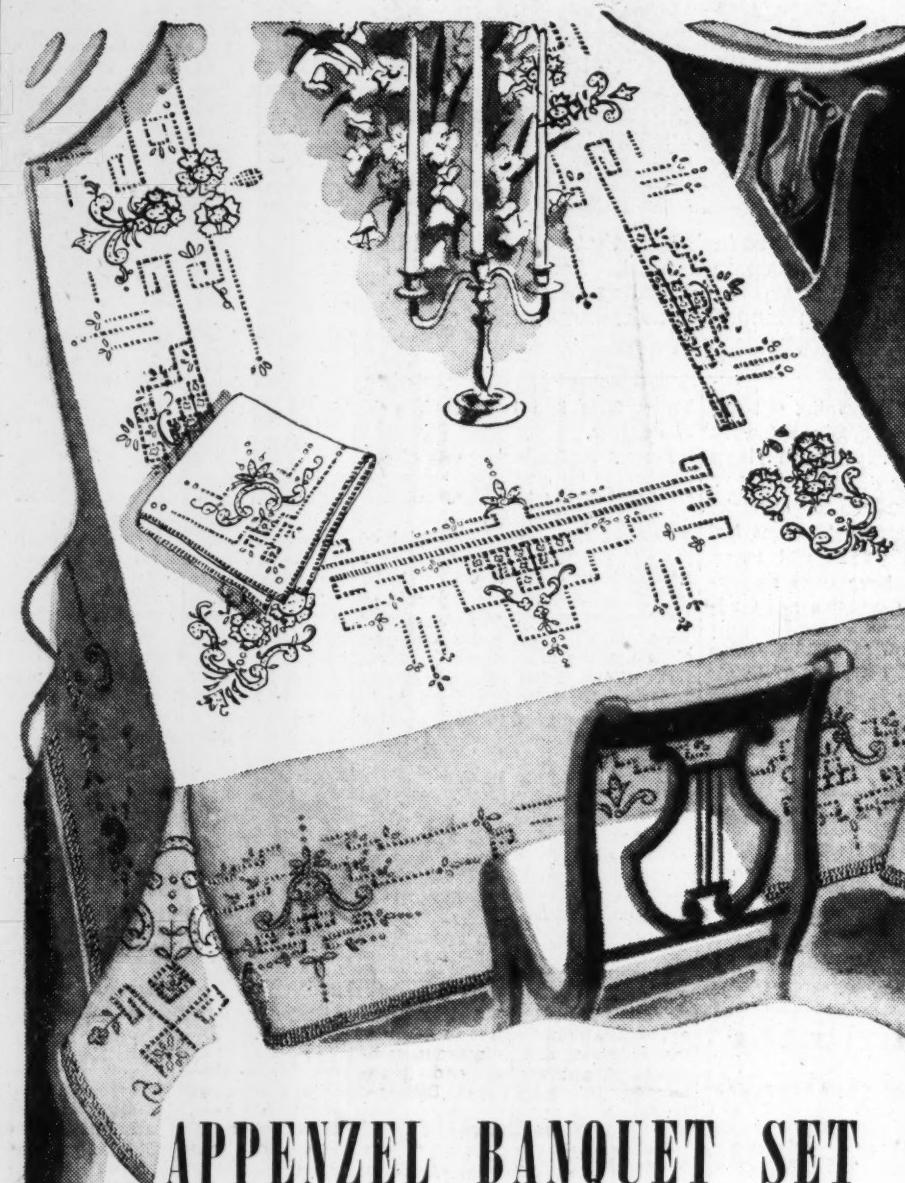

A member of the General Education Board, Dr. Freeman will share the commencement program with Bishop James H. Straughn, who will preach the senior sermon at 11 o'clock in the morning, June 9, in the Glenn Memorial church.

Thomas W. Moore, alumni representative to the board of trustees, will open the institution's 100th commencement exercises June 8 when he talks to alumni and seniors in the university auditorium.

Constitution Want Ads—the little fellows with the big pulling power.

FUTURE BRIDE DIES.
FRESNO, Calif., May 16.—(UP)
Miss Filomena Fegosao, 27, a bride-to-be, went to see the ranch house that was to be her honeymoon cottage. Approaching the threshold, she collapsed and died. "Heart attack," said the coroner's office report.

Lack of Reserves Makes U. S. Army Helpless, Says Marshall

Enough Planes But Not Pilots, Senate Told

Nothing To Replace Materials If War Comes, General Warns.

WASHINGTON, May 18.—The army is so deficient in reserve guns, equipment and manpower, General George C. Marshall, chief of staff, told congress, that it could not possibly meet the test of real warfare at the present time.

Marshall made the statement in testimony taken by the senate military appropriations committee in connection with President Roosevelt's request for a \$1,182,000,000 emergency fund and made public today by the committee when it approved a record-breaking army supply bill.

Marshall testified that a force of 70,000 men maneuvering in Texas and Louisiana, as well as the third division on the west coast, had no reserves of material or men.

"In other words," he said, "if they were bombed actually instead of theoretically in their maneuvers today, there is no duplicate truck to take the place of the one that is destroyed."

"If our pilots, who are operating in those maneuvers today, are shot down, we have not the replacements in actual pilots to take their places. We have the replacement in planes, or rather, we will have them when production comes to current order."

Marshall said it would be necessary to "process" 75,000 young men to get the 7,000 pilots set in the army's goal now.

Stephen Early, presidential press secretary, also reported today that thousands of telegrams and letters have been received since President Roosevelt presented his defense message to congress Thursday. Only 65 of these, by "actual count," Early said, opposed the program.

Most of the 65, he added, were similar in wording, bore foreign names and came from one city which he refused to identify.

Red Cross Unit Reported Bombed

LONDON, May 18.—(P)—A charge that the Germans had bombed a Red Cross column of 15 cars standing on an open road and machine-gunned stretcher-bearers trying to carry wounded into a trench was made today by the Netherlands legation. Prince Bernhard, consort of Crown Princess Juliana, said he learned of the alleged incident during a brief visit to Dutch troops in the Province of Zeeland Thursday and Friday.

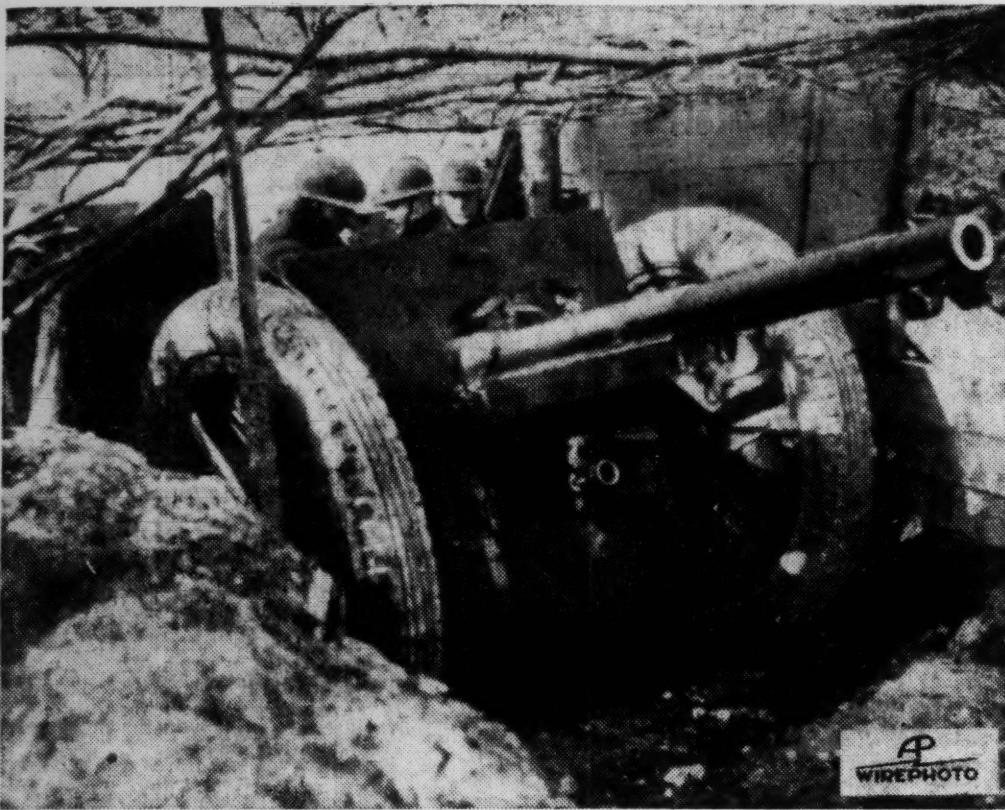

(Prince Bernhard accompanied Crown Princess Juliana and their two daughters to London last Monday, but then returned to the Netherlands.)

More Americans Fleeing Egypt

ALEXANDRIA, May 18.—(P)—American residents in Egypt are sending their families home in increasing numbers in view of the uncertainty of the Mediterranean situation.

Eighty Americans from the Alexandria district alone are scheduled to sail May 22 on the American Export liner Excambion.

The steamer Marco Polo and Aegea sailed for Italy with home-bound Italians, who obtained their exit visas only after long delays.

FRENCH 75's MOVED UP—The French 75's, the three-inch guns that won fame in the World War, are now in position somewhere on the western front. They were moved to the front for use by the French in slowing down the smashing attacks of 80-ton German tanks. The guns are also being used to pound Nazi mechanized infantry columns that follow the rolling fortresses.

Nazi Bomber Raid on Paris Is Beaten Off

Continued From First Page.

to be: First, to try to cut off the main French armies from the Allied forces in Belgium; and second, to reach the Oise valley.

The sectors of Guise and Landrecies lie about 20 miles within France from the Belgian border, near the headwaters of the Oise river and roughly 100 miles northeast of Paris.

Midway between the Germans and Paris, however, runs the Aisne river line.

South of Belgian Border.

Farther east, at the point of the triangle they have driven into France, the Germans were reported to have reached the Aisne in the Rethel sector, 30 miles south of the Belgian border where the French took their stand.

Most of the fury of the battle on the western front was concentrated in the Guise and Landrecies sectors. To the northwest in Belgium, where Brussels and Antwerp were both abandoned, and to the east on the Maginot line where German assaults have been repulsed, tonight's communiqué said: "Nothing of importance to report."

2 Drives Toward Paris.

Two German columns were said to be driving toward Paris, the United Press reported. One is aimed from Sedan, through Rethel on the Aisne. The other is 30 miles to the north following a route that would take it through Amiens, over the Seine to northwest Paris.)

Premier Paul Reynaud in an address to the French nation tonight said that the German "pocket" had spread toward the west and the situation was "grave."

Arms Production Speeded.

A general speed-up of French arms production was ordered by the armaments ministry, ruling

that all factories turning out national defense orders must work 24 hours a day. Aviation plants started 12-hour double shifts.

This is designed to overtake eventually Germany's numerical superiority in planes and tanks, which largely have been responsible for the German's swift advance.

A fleet of up to 3,000 German tanks, some of them 80-ton mammoths compared to the biggest French land battleships of 70 tons, battered the French lines, while the Nazi air force blackened the skies.

Against these forces the French wheeled their mobile artillery, especially 75 millimeter guns, into action and massed their infantry, both outwitting the parallel German arms in numbers.

The battle was reported especially heavy tonight from the Sambre to the Aisne river on the west side of the pocket.

(Here 22 words were censored.) It appeared Vervins (here one word was censored) was occupied.

New Onslaught Impends.

A war ministry spokesman said the Germans appeared to be withholding some tank columns for a new effort.

Fighting at the southern extremity of the pocket, he said, reached down to the Aisne river. (Here four words were censored.)

The spokesman estimated that at least half of Germany's entire mechanized army had been thrown into the battle in northern France.

The French declared their own lighter tanks had proved superior to the German giants in combat where they met.

Only the formidable French 75's were able to penetrate the heavy armor of the biggest Nazi tanks, and the French were said to be firing point blank at them with good effect.

Accompanied by masses of planes and followed by lighter units and infantry, great numbers of the German tanks struck through the Vervins region toward the Oise and around the Avesnes region toward the Sambre.

Main Nazi Effort.

The main Nazi effort appeared to be in the Vervins vicinity. The French there were pouring tons of artillery shells against the enemy tanks and were said to have brought up enough of their own tanks to match the Germans.

The French said the experience of the last few days had taught them how to deal with German thrusts.

What German authorities call complete "pacification" of the Netherlands is proceeding speedily, with Dutch resistance ended on Walcheren island and more than 2,000 Dutch and French troops reported captured on the islands of Schouwen and South Beveland, all in Zeeland, above Antwerp.

When Zeeland's cleanup is complete this will release 800,000 men for a drive on the Belgian and French channel ports.

British Chance Seen.

With these ports occupied, it is believed in some circles, that the British will be given a chance to capitulate or deal with swarms of German bombing planes.

The spectacle of the German armies of the left lancing straight toward Paris seems to justify the conjecture among military observers here that Hitler has changed the classic Graf Von Schleiffen plan for a flanking move on Paris.

Instead, it looks like the German "bullet troops" are taking a short cut to the heart of France without waiting for envelopment of retiring Allied troops by the right wing of the army.

The right flank, indeed, seems to be employed in seeking to cut off British forces from seaports and make their return to England impossible.

Ring of Forts Broken.

The German entry into Antwerp, which is one of the world's 10 busiest seaports in normal times, was effected, DNB said, after the outer ring of the city's

heavy forts had been broken in two places.

From the glowing reports of operations in the west, German writers are turning to Italy's position in the Mediterranean.

One of the most influential of them, Karl Megerle, of the Boersen Zeitung, wrote:

"The government and people of Italy are at an end of the patience with which they have endured eight months of measures and efforts of the British-French blockade war. To establish freedom of the seas for all is the task, accomplishment of which would bring good to all nations."

Swiss Fate in Fore.

Possibility of Italy's entrance into the war again pushes the fate of Switzerland to the fore, because a campaign in southern Europe might, for strategic reasons alone, envelop this historic neutral in Europe's bonfire.

There have been occasional hints in the German press that Switzerland is not as neutral as she might be.

The official German news agency, DNB, today told the story of the German entry into Brussels, relating that the German troops entered the Belgian capital yesterday without a fight, enemy (British) troops withdrawing beyond the city.

Heavy enemy losses, and relatively small German ones, were claimed in the fighting for Louvain and Malines, now in German hands.

Now that Antwerp, 28 miles from Brussels, is in German hands, authorized Nazis sources expect the Allies to make a stand from below that city to Lille in northwestern France to shield such ports as Belgian Ostend, where the Belgian government has moved; and French Dunkerque, Calais and Boulogne.

The French declared their own lighter tanks had proved superior to the German giants in combat where they met.

The spokesman estimated that at least half of Germany's entire mechanized army had been thrown into the battle in northern France.

Check on Aliens Vital to Defense, Russell Asserts

Georgian Seeks To Nullify Any 'Fifth Column' or 'Trojan Horses.'

By GLADSTONE WILLIAMS.

WASHINGTON, May 18.—Describing it as "a most important item of national defense," Senator Russell, of Georgia, today said he would demand the enactment of legislation at the present session of the congress providing for the registration of aliens.

Existing laws are not sufficient to insure against sabotage from subversive elements, Senator Russell declared, holding the view that "any program of national defense which overlooks the potential enemy within our gates will be incomplete. Happenings in Europe today show that a small number of the so-called 'fifth column' can cause internal destruction and confusion which renders impotent the best armed defenses."

The senator, who is chairman of the senate committee on immigration, stated further:

"I have believed for some time that we should provide for the system of registration of all aliens in

this country which will enable us to keep a close check on them at all times. The committee on immigration reported such a bill to the senate last year."

"The passage of this legislation is just as important as providing guns for the army and navy. I shall exert every effort to see that legislation which will enable us to control all potential internal enemies, and nullify any fifth column tactics in the event of an emergency, be enacted by the congress before we adjourn. We should also clamp down on all immigration for the time being."

Senator Russell also stated that the subcommittee on military appropriations, of which he is a member, had broken all records in preparing a bill to embrace all of the President's recommendations to congress relating to the strengthening of our armed forces.

The subcommittee has recommended an increase in the standing army of 25,000 beyond that suggested by the President," Senator Russell said. "We allowed every request the President made for increasing the army, the air corps, and coastal defenses, including the lump sum appropriation to be spent at his discretion."

"As a member of the naval affairs committee and of the military appropriations subcommittee, I have constantly fought for more adequate means of national defense, and I am delighted that we are at last getting some action. The navy and air force are particularly important, for they are the first line of defense."

AP WIREPHOTO

WAR REFUGEES—Deep sorrow marks the faces of these Belgian women, who, according to French-approved advices, are shown crossing the French frontier with a few possessions as they fled before the German invasion. These aged women probably remember well the earlier war of 1914. Fleeing thousands of other refugees from Belgium and northeastern France are streaming toward the interior. (Story on Page 1.)

Duce Answers F. D. R. Note on Italian Peace

Message Contents Not Revealed; Fascist Press Plays Nazi Gains.

ROME, May 18.—(AP)—Premier Mussolini has replied to President Roosevelt's latest efforts to prevent spread of the European war, it was learned from a reliable source tonight. The nature of the reply was not disclosed but it was believed to have been non-committal without being alarming.

The reply, in courteous terms, was said in informed quarters to have been communicated to Mr. Roosevelt through United States Ambassador William Phillips, who delivered a personal message from the President to Il Duce May 15.

Italian and American authorities here have kept tight-lipped silence on the contents of the President's message.

Beer will not be rationed in Britain, but if barley becomes scarcer it will be brewed weaker.

Nazis Claim 108 Planes Downed

BERLIN, May 18.—(By Radio) (AP)—The German high command announced today that 108 Allied airplanes had been shot down in the past 24 hours' fighting with a loss of only 26 German planes. The German air force bombed lines of communication in the Allies' rear.

3d Term Rolls Through Party Like Blitzkrieg

States' Delegates Fall in Line for F. D. R.; Republicans Sense Tide.

By the United Press.
WASHINGTON, May 18.—The third term movement is moving today like a blitzkrieg through the Democratic party and President Roosevelt's renomination in Chicago next July appears assured unless he takes himself out of the race.

North, east, south and west the delegations being named to the Democratic national convention are falling in Mr. Roosevelt's hat. There is opposition but its strength is waning.

What Mr. Roosevelt's intentions are remain unknown. Once during special session consideration last fall on the administration's proposal to amend the neutrality act, Secretary Wallace was reprimanded for making a third term statement. But Wallace and others are whooping it up again and have been all winter. Secretary Ikes told a New York labor audience today that the people "command" that Mr. Roosevelt run again.

If he is not a candidate, the most likely compromise candidate still appears to be Secretary Hull in whose behalf Postmaster General Farley is working hard.

Some Republicans sense the tide within the Democratic party and predict not only that Mr. Roosevelt will be renominated but that he would be the hardest Democrat of them all to beat this year. There is evidence of popular conversion to a mighty air force—50,000 military and naval planes at some date in the future.

15 American Warships Sail From Hawaii

U. S. Vessels Leave for Undisclosed Place After Maneuvers.

HONOLULU, May 18.—(UP)—The aircraft carrier Yorktown and 14 other major units of the United States battle fleet sailed from Lahaina roads today for an undisclosed destination.

The 15 warships had been participating in extended secret maneuvers off Lahaina, along with other battleships, cruisers, destroyers and auxiliary craft of the main battle fleet.

It was reported here without confirmation Friday that several warships had been ordered to return to the Atlantic coast, but the Navy Department in Washington denied the rumor. Two weeks ago the fleet was instructed to remain in Hawaiian waters indefinitely.

Seven battleships, including the flagship U. S. S. Pennsylvania, and the aircraft carrier Saratoga, anchored with about 40 other warships off Lahaina last night.

Navy officials said shore leaves will be granted to about 20 percent of the fleet's personnel, effective tonight.

The battleship Idaho left Pearl Harbor this morning, presumably en route to Lahaina. The permanent Hawaiian naval detachments presently are in Pearl Harbor.

Deadly Plane Is Developed in U. S. for Allies

Most Formidable for Purpose in World, Manufacturer Says.

BALTIMORE, Md., May 18.—(UP)—The Glenn L. Martin Company announced tonight that it has developed with the aid of Allied warplane experts a formidable new combat plane and the Allies have contracted for the entire production for 18 months.

The company withheld details of the new craft, but Glenn L. Martin, president and founder of the company, said upon his return from New York tonight that it was believed to be the most formidable battle plane in the world. Neither would he estimate the number of planes that could be produced in 18 months, but indicated that the type was suitable for fast mass production.

"In my opinion this new plane is the most formidable plane for this purpose to be found in the world," Martin said.

"Naturally, I can not discuss details of its performance or its striking power, but am happy to say that the Allied mission furnished the most important co-operation and that Allied technical experts schooled in the latest technical aspects of modern aerial warfare sat constantly with officials of the Glenn L. Martin Company and completed the designs.

Martin said that the United States army, of course, could obtain as many of the secret planes as it wants, the exclusive Allied contract for 18 months permitting that in accordance with the President's regulations. He declined to estimate a value of the total Allied delivery, the terms of which were agreed upon in New York.

Although the company's announcement and Martin officials declined to comment, it was rumored that such mass order for warplanes would mean that probably the first definitely needed in Allied aircraft were being incorporated in the new plane. Those features are the self-sealing gasoline tank, which the Martin company has perfected, armor for the pilot and heavy automatic weapons mounted on the secret British revolving turret. German planes are reported to mount 37 mm. automatic guns and as a result are formidable in combat. The German planes also have armor for the pilot and self-sealing gasoline tanks.

Donkey Tags Are Put on Sale By Democrats

Drive, Sponsored by Georgia Women, Will End Saturday.

Georgia Democratic Donkey Tag Week, sponsored by the women's division of the party in the state, opened yesterday to run through Saturday.

Atlanta observance, under the auspices of the women's division, Fulton County Democratic Club, will feature tag sales in the city and a barbecue at Lakemoore at 12:30 o'clock the afternoon of June 1.

Idea of raising party funds by sale of the party emblem was originated last year by Mrs. J. A. Rollinson, of Waycross, who organized the sponsoring group six years ago yesterday in Macon. The Georgia system has since been adopted in other sections of the country.

Four Cups.

Four cups will be awarded at conclusion of the drive, one to the district first completing its quota; one to the district raising the largest total amount; one to the county contributing the largest amount per woman capita; and one to the district in which every county contributes a \$10 minimum by time of the close of the campaign.

Coincident with the opening of the drive, Roy V. Harris, speaker of the house and manager of the headquarters established here by the delegation to the national Democratic convention, issued a statement urging unity among the people and co-operation with the President and congress in national defense methods.

"There is no use for us to live in a fool's paradise," Harris said, remarking that Holland, Belgium, Norway and Denmark once thought they were safe.

"There is no time for Democrats to split up and engage in internal warfare . . . there is only one thing that will eliminate this possibility among Democrats and that is the re-election of our President."

"Citizens of every political faith should unite and join the President in his efforts to prepare this country to defend itself. The only way this can be accomplished is by the overwhelming re-election of Franklin D. Roosevelt. Even the Republicans ought to nominate him or fail to oppose him," Harris said.

Important Bills To Be Studied By City Council

Measure Requiring Alien Registration, Finger-printing Included.

Three important measures are slated for consideration of city council tomorrow.

A proposed ordinance requiring the registration and finger-printing of all aliens in Atlanta, sponsored by officials of Atlanta Post No. 1, American Legion, will be referred to the police committee for study. Councilman John A. White, member of the Americanism committee of the Legion post, said.

William G. McRae, post commander, last week announced that the organization would request council to pass such a measure, and would call on state and federal governments to enact laws to forestall any projected operations of "fifth columns" in America.

Passage of an ordinance creating a department of smoke abatement and a finance committee recommendation that the municipality provide \$550 as the city's share of a \$24,000 WPA survey of traffic conditions of metropolitan Atlanta were regarded yesterday as a foregone conclusion.

Stratoclipper To Make Test Trip From Miami

MIAMI, Fla., May 18.—(P)—Pan American Airways' new four-motored stratoclipper, designed to link Miami and Rio de Janeiro on a three-day schedule, will be brought here next week.

The giant ship, built to fly above the weather, will be sent on a shakedown trip across the Caribbean to Cristobal, Canal Zone, and will undergo extensive tests in addition to those already staged at Brownsville, Texas.

REHEARSES—Standing amid the lovely shrubs on Snap Bean Farm, Miss Dorothy Mapp Fields rehearses for her part in the Flower Festival next Saturday when she will be made queen of the farm. The festival annually is given by the Uncle Remus Memorial Association.

23 Playgrounds Invite Public To Open House

Contest, Folk Dancing, Mass Games Feature Week's Observance.

Open House Week will be begun at 2:30 o'clock tomorrow afternoon at the 23 supervised playground areas of the municipality and will continue through Saturday, it was announced yesterday by J. Lee Harine Jr., director of recreation.

Sponsored by the city parks department, under the direction of George I. Simons, and WPA, the open house is to acquaint the public with the recreational and educational activities being conducted in the wide parks play program.

Contests, Games.

Contests of various kinds, folk dancing and mass games will be a feature of the athletic exhibitions, while community service projects exhibits will be staged at Taff Hall beginning at 3 o'clock Thursday afternoon and extending through Saturday. A portable marionette show will be presented at frequent intervals.

A 22-piece symphony orchestra under the direction of Walter Sheets also will be a feature of parks programs throughout the summer. The open house is a prelude to an intensive summer activity program to begin about June 15.

While activities of the white play centers are being exhibited at Taff Hall, those of the Negroes will be held at University homes.

Many Grounds Join

The following playgrounds will hold open house from Monday through Saturday: J. Allen Couch school, Maddox Park, Mozley Park, Techwood, Goldsmith school, Calhoun school, Morning-side school, Bass Junior High school, Moreland school, McClatchy Park, Joe E. Brown Junior High school, Bessie Branham Park and James L. Key school.

Negro grounds include: E. A. Ware school, Washington Park, David T. Howard school, Lyons Avenue play street, W. H. Crogan school and E. P. Johnson school.

Trade and Travel Club Plans Fete

The Atlanta Foreign Trade and Travel Club will give a luncheon at 12:30 o'clock Thursday afternoon in the Atlanta Athletic Club as a feature of the local observance of National Foreign Trade Week.

Guest Speaker will be Raymond H. Geist, veteran of the State's consular service and now chief of the division of commercial affairs, State Department, Washington.

Trial of Bryan In Flog Cases Opens Tuesday

Ray Holland To Face Jury Again on Cemetery Murder Count.

Ray Holland, charged with the cemetery murder of Lonnie Smith on March 5, is slated to face a Fulton county superior court trial for the second time Tuesday before Judge Hugh Dorsey, according to the court calendar released yesterday. Holland's first trial resulted in a mistrial April 11.

Raymond Bryan, indicted on 13 counts of assault in connection with a county-wide probe of alleged floggings, also is scheduled for trial Tuesday. It was announced at the solicitor general's office that the state has summoned 28 witnesses. Two alleged leaders in the flogging gang already have been convicted.

Robert McCollum and Franklin Blankenship, charged with burglary of a grocery store at Ben Hill, are to go on trial tomorrow before Judge Walter C. Hendrix. J. D. Buckner, said to have been a member of the trio of burglars, drew a seven to ten-year sentence for his participation when a jury returned a verdict of guilty on May 7.

MILLION DOLLARS MAILED. CHARLESTON, S. C., May 18. (P)—Two checks for \$500,000 each have been mailed from Washington by the Public Works Administration to the South Carolina Public Service Authority for continuation of the \$40,000,000 Santee-Cooper river and navigation project near here.

Etheridge Runs Again for Seat In Legislature

Fulton Representative in House First To Enter September Primary.

Paul S. Etheridge Jr., prominent Atlanta attorney and member of the Fulton county delegation in the Georgia house of representatives, yesterday became the first announced incumbent for renomination, subject to the state primary September 11.

Pledging his every effort "to support any and all legislation that will present a united front in this hour of world crisis," Etheridge said that as campaign issues are formed he will without hesitation, state his position on any prospective legislation. He expressed appreciation for the honors given him by the citizens of the county as their representative.

For many years, he has been a prominent figure in fraternal, political and civic circles.

"The experience gained from having served in the last general assembly, as well as the many friends made among the representatives from smaller counties, places me in a position to render more valuable service to Fulton county at the ensuing session," he said. "Serving as the representative of the county for a second term, I will, by reason of seniority,

SEEKS RE-ELECTION

be placed upon more important committees and, therefore, will be in a better position to serve and protect the interests of the citizens of our county."

Whistler Work Of 19 Etchings, Drypoints Here

High Museum Display of Famous Art To Open Today.

An exhibition of 19 etchings and drypoints by James McNeill Whistler, one of the most valuable collections ever to hang in the High Museum of Art, will open today for an indefinite period.

Among the etchings is a first proof—an impression of the celebrated plate known as the Dyer. The artist has written in his own hand, marking the work as an original.

The Dyer is from the celebrated "Venice Series." Others of this series now on display at the museum are "The Little Venice," "Long Lagoon" and "The Traghetto," the latter a ferry station scene.

Other items are "Battersea Bridge" and "Palace." The latter is one of the edition known as the "Series of Twenty-Six."

Whistler, whose well-known masterpiece, "Mother," now hangs in the Louvre, was born in 1834 in Lowell, Mass. His mother was a Virginian. He lived with his family for a time in Russia, where his father was employed by the government as a railroad engineer. After attending West Point, Whistler went to England, where he died in 1903. He spent a great deal of time in France, Italy and

the Netherlands and is one of the outstanding American artists.

The collection is hung in Galleria Three at the museum, and in addition to the Whistler exhibition, Millet's "Seamstress" and Corot's "Landscape" are on display.

The exhibition will be open to the public, free of charge, from 2 until 5 o'clock Sunday, and from 9 until 5 o'clock during the week.

Motorcycle hill climbing contests have just been introduced into Russia.

Man Takes a Snooze; Bald Head Painted Red

CAMDEN, N. J., May 18.—(P)—James Williams, 61, blushed when he appeared in police court to face a disorderly conduct charge—but the blush was hardly noticeable.

His completely bald head was painted bright red.

"I guess some smart alecks tried to have fun while I was napping," he explained.

Magistrate Gene R. Mariano dismissed the charge and sent Williams home to scrub off the paint.

LONDON, May 18.—(AP)—All government offices, headquarters of the British Broadcasting Corporation and key positions throughout Great Britain were placed under armed guard today against possible sabotage by fifth columnists or Nazi parachute troops.

City Detectives Told To Check Reds in Atlanta

McKibben Admits Under-cover Activity by Communists Here.

Superintendent of Detectives J. A. McKibben announced yesterday he was ordering the entire Atlanta detective force to immediately begin to check on all known Communists and any others who might be suspected of "fifth column" activity in this city.

The detective chief admitted there was undercover activity of this nature in Atlanta, but that as there had been no outbreak of public disorder on their part in the last two or three years, the police department had lost direct contact with such persons and groups.

"As we begin our routine check, I am certain many of the same persons who were active in the public communistic meetings several years ago are still working quietly and have the support of others who have come in from other cities," McKibben said.

While he is ordering his men to keep an eye on the "suspects," McKibben revealed the detectives were powerless to make arrests unless there is public disorder, since the United States supreme court has ruled the old Georgia anti-sedition law unconstitutional.

This decision was rendered in the Angelo Herndon case. Herndon, a Negro, was sentenced to 19 years' imprisonment in 1932 under the Georgia "insurrection" law. He was freed under the supreme court ruling in 1937.

"We have no evidence of com-

munist or subversive activity in Atlanta in the past two years," Superintendent McKibben said.

"Several years ago the Communist party maintained an assembly room on Whitehall street and we were watching them closely. However, this group disorganized and many withdrew membership.

That's the last we've heard of them officially."

"But now we are going to get a line on them," he added.

Since there is no state or city law under which they can be arrested, McKibben intimated those found engaged in subversive activity might be detained on "suspicion."

WORLD'S GREATEST TRAVEL SYSTEM

STOLEN MOMENTS—Vivien Leigh and Robert Taylor, stars of "Waterloo Bridge," steal a few fleeting moments before he, as "Colonel Roy Cronin," has to leave London for the front. Does this remind you of the days of the First World War, when many young lovers met in the strange circumstances caused by a world conflict?

Party To Fete Readers Citing War Romances

'Waterloo Bridge' Contest Winners Will Dine, See Loew's Film.

The bitter memories of the First World War intermingle with the sweet, and today The Constitution and Loew's Grand theater are offering a gala evening of entertainment to the couples who submit the best letters describing their romances resulting from the war.

Did fate in the form of war introduce you to your husband or wife? Was it at Camp Gordon, Paris, a military hospital, or on a train?

The 15 couples who submit the best 200-word letter to The Constitution's "Waterloo Bridge" contest editor before 2 o'clock Wednesday will be entertained at a dinner party Friday night, and will be honor guests at Loew's Grand theater. "Waterloo Bridge," with Robert Taylor and Vivien Leigh, which opens Friday at the Grand, is the first movie with a theme of the second World War. The story, however, begins with a romance 25 years ago in London.

"Colonel Roy Cronin" (Robert Taylor) and "Myra" (Vivien Leigh) meet in an air-raid shelter, Waterloo Station. The story of their love during the first war, and the second is portrayed in the stirring movie, "Waterloo Bridge."

Hundreds of such love stories never have been told. In the "Waterloo Bridge" contest, interesting World War romances will be described. Either husband or wife may submit the letter, which will be read by a group of competent judges. The winners will be announced in Thursday's paper.

EX-MINISTER DIES.

NANTES, France, May 18.—(AP) General Marie Louis Adolphe Guillaumat, former war minister and World War veteran, died of pneumonia today in his home in Nantes.

10,000 To Join In Celebrating Railroad Day

Employees and Families To Stage Outing Here Next Month.

More than 10,000 railroad employees and their families are expected to meet in Atlanta Saturday, June 29, for the celebration of "Railroad Day," which has been officially proclaimed by Governor Rivers and Mayor Hartsfield.

Festivities will take place in Lakewood park. Included on the program will be a barbecue, beauty contest, dancing, music and various kinds of contests.

Mrs. Leila Gorma, service clerk in the office of the terminal superintendent at Imman Yards, originated the idea.

She said the purpose of "Railroad Day" was to bring all railroad employees and their families together and to impress upon Atlanta citizens the value and importance of the 5,000 to 8,000 railroad-supported families living here.

Real Firm Is Named In \$65,000 Suit Here

Suit for \$65,000 for injuries received when she allegedly fell off a porch of the home she rented was filed in Fulton county superior court yesterday by Mrs. Eleanor Brand, of 125 East Lake terrace, S. E., against the Wall Realty Company, Inc.

Alleging that she had asked the company to repair the porch, and that nothing was done, Mrs. Brand contends that on June 17, 1938, she fell from the porch because of a decayed and dangerous hand railing which gave way. She claims permanent disability as a result of the injuries she says she received. Herschell V. Shelton and Claude O. Garvin are her attorneys.

For Gastric Ulcer Pains Coat the Stomach Lining

Many medical clinics now use bismuth for acid stomach ulcer pains. Bismuth coats the stomach lining on the sensitive parts, thus preventing the irritating action of digestive secretions and foods. Usga Tablets contain bismuth and other valuable ingredients in a balanced formula. They have been praised by thousands. Try a 25c box of Usga for relief of ulcer and stomach pains, indigestion, gas pains, heartburn, burning sensation, bloat and other conditions caused by excess acid. Usga Tablets are safe to use and must help or your money refunded. At good drug stores everywhere.

Inventor Offers 'Terrible Tank' To Hitler Foes

Atlanta Reveals Plans for Weapon 'Capable of Crushing Nazis.'

Things have come to such a pass in Europe that Charles (Ace) Hardin, of 906 Beecher street, has decided to give his terrible engine of destruction to the Allies. Hardin is a 23-year-old employee of a Peters street tire company, who since completing his education at Russell County High school in Alabama five years ago has turned his mechanical talents to inventing things.

Makes Bomb Sight.

His first efforts were instruments of peace, notably an ice cream freezer, the model of which he built from a syrup can. But as a spirit of war swept over the world he turned to more deadly things. One was a bomb sight for airplanes which could work just as well against airplanes, he says, when attached to an anti-aircraft gun.

His masterpiece, though, the fruit of two years' labor, is a monster tank which he says will travel from five to 120 miles an hour, depending upon the terrain, carrying 18 guns, ranging from machine guns to a six-inch cannon, and also distribute poison gas and smoke.

On the defensive side, he believes it is impervious to the projectile of any gun now known, and that it can be sealed against gas, with the life of its crew of 11 being maintained by an oxygen plant within the machine. It can be set up as a fort and will carry four months' supplies for its men, he adds.

Plans Scattered.

Plans for the machine are now scattered. Some are buried, some have been destroyed, but the fundamental design of the machine is in the hands of persons who, Hardin says, are going to place it with the Canadian government.

If the machine can quickly be produced in sufficient quantities, its use alone will bring Hitler to his knees within a space of 48 hours, Hardin claims.

EX-MINISTER DIES.

NANTES, France, May 18.—(AP) General Marie Louis Adolphe Guillaumat, former war minister and World War veteran, died of pneumonia today in his home in Nantes.

Constitution Staff Photo—Bill Wilson

PLANS MONSTER TANK—Deep in thought is Charles (Ace) Hardin, garage employee with an inventive mind. Hardin has designed a monster war tank, which he plans to give to the Allies in their struggle against the Nazis.

Canadian Town Outlaws Use of German Language

LEAMINGTON, Ont., May 18.—The town council last night forbade the use of the German language in public and the teaching of it in private and public schools for the duration of the war.

In Leamington, which has a population of 3,000, the German language is heard frequently on the streets since the community is the center of a large settlement of German-born people. There have been several street fights among individuals recently. The town council instructed the police to prosecute vigorously all violations of the ban.

ANTI-CHUTE BRIGADE.

SANTA ANA, Calif., May 18.—(UP)—Nine citizens of Santa Ana have followed the example of Pittsburgh residents in forming a "minute man" organization to combat attacks by parachute troops. They will ask the federal government for 200 rifles.

KESSLER'S

"We're going to look at that Chrysler right now!"

Never before has interest in Chrysler run so high. Never before have so many owners of other makes changed to Chrysler.

The new Chrysler is obviously superior to the car you now have, but . . . has it occurred to you that it may also be superior to the make of car you may be thinking of buying? . . . and will cost you no more?

Go to your Chrysler dealer. Take a ride in the new Chrysler and see how the High-Torque engine improves performance . . . what amazing get-away it gives you . . . what

tremendous pulling power in high gear.

A ride will show you how scientific weight distribution cradles all passengers at the center of balance and gives you riding qualities that you can get only from Chrysler.

If you want to know why Superfinished parts double engine life . . . why tin coated pistons are practically free from scuffing and scoring . . . why any engine is smoother and quieter with Floating Power . . . why Chrysler's plastic enamel actually improves with age and season-

ing . . . ask your Chrysler dealer.

See your Chrysler dealer today. He's anxious for you to be among the thousands who think it wisdom to see Chrysler before they buy any car. Accept his invitation to drive the car that leads in style, performance and engineering. Ask your Chrysler dealer to figure how surprisingly little it will cost you to own a beautiful new Chrysler.

* Tune in on Major Bowes, C.B.S., Every Thurs., 9 to 10 P.M., E.D.S.T.

\$895*

3-PASSENGER ROYAL COUPE

*Delivered in Detroit. Federal Tax included. Transportation and State and Local Taxes, if any, extra. Dual horns and cigar lighter additional.

Be Modern BUY CHRYSLER!

The biggest Chrysler business in 10 years . . . Result, our greatest used car values!

Several Judges Advanced for Court Vacancy

Number of Lawyers Also Mentioned for Post of Guerry

A number of widely known Georgia judges and lawyers last night were being advanced for the vacancy on the court of appeals created by the death of Judge John B. Guerry, of Montezuma, whose funeral was held yesterday at his home city.

Foremost among the names being mentioned for the high court vacancy appeared to be Superior Judge B. C. Gardner, of Camilla, who presides over the Albany circuit, although several other superior court judges were being mentioned as well as a number of lawyers from south Georgia.

Governor Rivers was out of the city for the week end and is not expected to return until Tuesday. It is understood that the chief executive plans to give early consideration to the appointment.

However, close friends of Rivers said they didn't even know to what section of the state the appointment would go. The five members now on the court represent all sections. Judges Nash Broyles and Alexander Stephens are from Atlanta; Judge J. H. Sutton from Clarkesville; Judge Jule W. Felton from Montezuma and Judge Hugh J. MacIntyre from Thomasville.

British Offices Under Guard

LONDON, May 18.—(AP)—All government offices, headquarters of the British Broadcasting Corporation and key positions throughout Great Britain were placed under armed guard today against possible sabotage by fifth columnists or Nazi parachute troops.

Stop Worrying Over Bills . . . Get The Money You Need

It's hard to catch up after you've had an unexpected financial setback due to some emergency.

But your creditors sometimes aren't content with only a few dollars apiece each month until your debts are cleared—and you don't have enough to pay any of them in full.

Here's the solution . . . borrow from us the money you need to pay up all your bills . . . you can make smaller repayments to fit your income, and get rid of the constant nagging of creditors.

See our Mr. Berry or Mr. Lassiter for a friendly, confidential talk.

Public Health Group Meets Here Thursday

State Association Will Discuss Problems of Georgians.

Problems affecting the state will be discussed in a three-day session of the Georgia Public Health Association beginning Thursday at the Ansley hotel.

Officers are W. H. Weir, president; Mrs. Elizabeth Fulcher, vice president, and Dr. G. T. Crozier, secretary-treasurer. Commissioners of health, public nursing and health engineering sections also will meet.

A symposium on hookworm will be held, with distinguished physicians and scientists taking part, including Dr. W. W. Cort, Baltimore; Dr. Julian Andrews and Dr. M. Clarkson, of the State Health Department, and Dr. Marvin M. Harris, of the Waycross branch laboratory.

Other outstanding discussions will include "Some Health Implications of Regional Water Control," by Dr. E. L. Bishop, TVA health director; "Supervision in Public Health Nursing," by Miss Naomi Doetsch, director of federal nursing, and "Georgia's Training Unit for Nursing," by Miss Elsie Crosby, of the state's nursing forces.

Principal events will be as follows:

THURSDAY: 10:30—Address of welcome, R. F. Maddox, Atlanta, chairman Georgia State Board of Health; Dr. C. Patterson, M. D., Cuthbert, president Medical Association of Georgia; "A Lawyer Looks at the Health Problems of Rural Georgia," J. C. Dixon, Chicago.

2:00—Child health panel discussion, "Incidence of Congenital Syphilis in a Rural School Population," E. P. M. D. Cordele; "The Premature Infant and Infant Mortality," Thomas Phinizy, Atlanta; "Health Aspects of the New Federal Food, Drug and Cosmetic Act," J. C. McManus, United States food and drug administrator.

FRIDAY: 9:00—Hookworm symposium. 11:15—"Some Health Implications of Regional Water Control," E. L. Bishop, Chattanooga.

SATURDAY: 9:00—Health Administration, J. W. Mountain, M. D., Washington, D. C.; "Decatur, Commission of Health," 2:30—"The Health Department During Times of Disaster," W. B. Buckner, M. D., Albany.

3:00—"The Well-Baby Clinic," P. R. Ensign, Atlanta; "Purposes and Problems in Public Health," Frank Lanning, D. S. and W. A. Garrett, D. S. Atlanta; Guy G. Lunsford, M. D., Atlanta; "Health Aspects of the New Federal Food, Drug and Cosmetic Act," J. C. McManus, United States food and drug administrator.

FRIDAY: 9:00—Hookworm symposium.

11:15—"Some Health Implications of Regional Water Control," E. L. Bishop, M. D., Chattanooga.

SATURDAY: 9:00—Health Administration, J. W. Mountain, M. D., Washington, D. C.; "Decatur, Commission of Health," 2:30—"The Health Department During Times of Disaster," W. B. Buckner, M. D., Albany.

3:00—"The Well-Baby Clinic," P. R. Ensign, Atlanta; "Purposes and Problems in Public Health," Frank Lanning, D. S. and W. A. Garrett, D. S. Atlanta; Guy G. Lunsford, M. D., Atlanta; "Health Aspects of the New Federal Food, Drug and Cosmetic Act," J. C. McManus, United States food and drug administrator.

FRIDAY: 9:00—Hookworm symposium.

11:15—"Some Health Implications of Regional Water Control," E. L. Bishop, M. D., Chattanooga.

SATURDAY: 9:00—Health Administration, J. W. Mountain, M. D., Washington, D. C.; "Decatur, Commission of Health," 2:30—"The Health Department During Times of Disaster," W. B. Buckner, M. D., Albany.

3:00—"The Well-Baby Clinic," P. R. Ensign, Atlanta; "Purposes and Problems in Public Health," Frank Lanning, D. S. and W. A. Garrett, D. S. Atlanta; Guy G. Lunsford, M. D., Atlanta; "Health Aspects of the New Federal Food, Drug and Cosmetic Act," J. C. McManus, United States food and drug administrator.

FRIDAY: 9:00—Hookworm symposium.

11:15—"Some Health Implications of Regional Water Control," E. L. Bishop, M. D., Chattanooga.

SATURDAY: 9:00—Health Administration, J. W. Mountain, M. D., Washington, D. C.; "Decatur, Commission of Health," 2:30—"The Health Department During Times of Disaster," W. B. Buckner, M. D., Albany.

3:00—"The Well-Baby Clinic," P. R. Ensign, Atlanta; "Purposes and Problems in Public Health," Frank Lanning, D. S. and W. A. Garrett, D. S. Atlanta; Guy G. Lunsford, M. D., Atlanta; "Health Aspects of the New Federal Food, Drug and Cosmetic Act," J. C. McManus, United States food and drug administrator.

FRIDAY: 9:00—Hookworm symposium.

11:15—"Some Health Implications of Regional Water Control," E. L. Bishop, M. D., Chattanooga.

SATURDAY: 9:00—Health Administration, J. W. Mountain, M. D., Washington, D. C.; "Decatur, Commission of Health," 2:30—"The Health Department During Times of Disaster," W. B. Buckner, M. D., Albany.

3:00—"The Well-Baby Clinic," P. R. Ensign, Atlanta; "Purposes and Problems in Public Health," Frank Lanning, D. S. and W. A. Garrett, D. S. Atlanta; Guy G. Lunsford, M. D., Atlanta; "Health Aspects of the New Federal Food, Drug and Cosmetic Act," J. C. McManus, United States food and drug administrator.

FRIDAY: 9:00—Hookworm symposium.

11:15—"Some Health Implications of Regional Water Control," E. L. Bishop, M. D., Chattanooga.

SATURDAY: 9:00—Health Administration, J. W. Mountain, M. D., Washington, D. C.; "Decatur, Commission of Health," 2:30—"The Health Department During Times of Disaster," W. B. Buckner, M. D., Albany.

3:00—"The Well-Baby Clinic," P. R. Ensign, Atlanta; "Purposes and Problems in Public Health," Frank Lanning, D. S. and W. A. Garrett, D. S. Atlanta; Guy G. Lunsford, M. D., Atlanta; "Health Aspects of the New Federal Food, Drug and Cosmetic Act," J. C. McManus, United States food and drug administrator.

FRIDAY: 9:00—Hookworm symposium.

11:15—"Some Health Implications of Regional Water Control," E. L. Bishop, M. D., Chattanooga.

SATURDAY: 9:00—Health Administration, J. W. Mountain, M. D., Washington, D. C.; "Decatur, Commission of Health," 2:30—"The Health Department During Times of Disaster," W. B. Buckner, M. D., Albany.

3:00—"The Well-Baby Clinic," P. R. Ensign, Atlanta; "Purposes and Problems in Public Health," Frank Lanning, D. S. and W. A. Garrett, D. S. Atlanta; Guy G. Lunsford, M. D., Atlanta; "Health Aspects of the New Federal Food, Drug and Cosmetic Act," J. C. McManus, United States food and drug administrator.

FRIDAY: 9:00—Hookworm symposium.

TO DISCUSS HOOKWORM

TOPIC—Dr. W. L. Bishop, Baltimore, instructor at Johns Hopkins, will lead a discussion of hookworm at the Friday session of the Georgia Public Health Association.

WATER CONTROL THIS TOPIC

Dr. W. L. Bishop, Chattanooga, health director of the Tennessee Valley Authority, will tell health officials here this week about control of water.

WILL TELL OF NURSING.

Delegates to the three-day meeting this week of the Georgia Public Health Association will hear Miss Naomi Doetsch, director of Public Health Nursing, Children's Bureau.

TO PRESIDE

W. H. Weir, president of the Georgia Public Health Association, will preside at sessions of the association opening here Thursday to discuss the state's health problems.

Urban League Bulletin

The purpose of the Bulletin is to chronicle the worth-while things done for, by and with the Negro, as a basis of increasing inter-racial good-will and understanding.

Through a special grant obtained by a representative of the Birth Control Federation of America, Inc., and in co-operation with the public health authorities of Nashville, Tenn., and Berkeley county, South Carolina, scientific information which long since has been given to white people is being made available to Negroes

Reid To Speak Before Wilson Law Graduates

Class of 52 Will Receive Degrees on May 30.

Chief Justice Charles Reid, of the supreme court of Georgia, will deliver the commencement address at the graduation exercises of the Woodrow Wilson College of Law, which will be held in the auditorium of the Atlanta Woman's Club Thursday night, May 30, at 8 o'clock.

The degree of bachelor of laws will be conferred upon 52 graduates.

The baccalaureate service will be held at the Peachtree Christian church, of which Dr. Robert W. Burns is pastor, at 11 o'clock Sunday morning, May 26.

The candidates for degrees are:

Orville Stephen Allen, David Benjamin Baker, Dorothy Bales, Edward James Barber, Genevieve Marconi Barnett, Floyd Emmett Boggs, Frank B. Brown, Sam Brinkley, William Cannon, Albert Pierce Clark, Donald Boyd Clegg, Cecil Edward Cook, Ernest E. Davis, George Pershing Dillard, Evelyn Reagan Ellis, Thomas Francis Farnsworth, John L. Johnson Head, Ollie Colley Hubert, Marjorie Speed Jennings, Jessie Norwood Jones, John Joseph Kelly, Charles Doss Livsey, William Charles McFee, Pat Munroe, Richard Franklin Owings, Willard Lee Patton, Henry Newton Payne, Lawrence Reuben Pierce Jr., Frank Murphy Potts, Lillian Elizabeth Purcell, Ernestine E. Louis Favrot Reynaud, Benjamin William Rice, James Durant Rohr, P. Herbert Shultz, James Shuttleworth, Angus Waldo Sowell Jr., Homer Lynn Stratton, Charles Wesley Sturtevant, George Swanson, Robert Reginald Thompson, Carlis Vason, James Leonidas Ware, J. Benjamin Williams, Carl Wiedenheft, Anna Elish Williams, Marion E. Williams, Harold Stephens Willingham, Joseph Harold Wolfe and Paul Wesley Zell.

G. M. A. Graduates To Hear Hammons

Dr. J. D. Hammons, vice president of Hendrix College, Conway, Ark., will deliver the commencement sermon at Georgia Military Academy at 11 o'clock next Sunday, and Dr. S. C. Dobbs, member of the board of governors of the academy, will deliver the commencement address at 10 o'clock next Monday morning.

Not only the faculty and cadet corps but their parents and friends will welcome Dr. Dobbs. The commencement exercises will be held in the auditorium and will begin with the senior procession at 10 o'clock Monday morning.

If I become weak
...run-down...
some guy will get
my job!"

THEFORE I reason sensibly...the Tonic to take for my run-down condition is S.S.S.

I build back my body and blood strength...stimulate my appetite and soon "I feel like myself again."

My work sturdy health is everything...I must keep fit and on top of my job to hold it and pick up my weekly pay envelope.

If you feel tired...let down...or low in spirits, in the absence of an organic trouble, S.S.S. may be just what you need to snap back into your goodness.

You owe it to yourself to begin on S.S.S. today—it is economy to regain health...economy to purchase the large size S.S.S. Tonic. S.S.S. Co.

FOR ONLY A FEW DOLLARS MORE THAN LOWEST PRICED CARS

OLDSMOBILE

\$807 AND UP

HERE'S "ATLANTA"—This is a picture of the Hotel Atlanta—not in this city, but in Rotterdam. The picture was resurrected from a trunk by J. G. Oglesby, of 2845 Andrews drive, who was a guest at the hostelry in 1935.

Atlanta Native Cornerstone Pens Technical Ceremony Set Book on Flying At Agnes Scott

Exercises at Presser Arts Building To Precede Graduation.

With the publication of "Sky Roads," another Atlantan—at least he spent his boyhood here—joins the ranks of the novelists. He is Ernest Kellogg Gann, a commercial pilot for American Airlines and a son of George K. Gann, now of Chicago, and a nephew of Mrs. Aubrey Milam, of Atlanta.

"Sky Roads" is a pilot's story of the air from a technical standpoint, just as Antoine de Saint Exupéry's "Wind, Sand and Stars" was the airman's poetry or romance of his habitat. Simply, in a conversational choice of words, Gann explains the fine art of flying and the stages through which transport planes have advanced since the first "Jenny" was put into commercial use.

But his is a story of a pilot, not a technical lesson. You follow Gann as he learns to fly and improves his ability, in a manner compelling the reader to go on to find out what happens next. He does not, however, write of praise for himself, or for others. The book's 123 pages, filled with pictures and author's sketches to illustrate the story, give the impression that in the air the young man of the twentieth century has found his great adventure.

Gann was not always a pilot. At Culver Military Academy he had a flair for dramatics. But Hollywood didn't provide steady work. He turned to flying and now runs between Chicago and New York regularly. He believes in the future of aviation. He is in love with his work, adding:

"No civilization ever has been possible without a means of transportation which suited the particular needs of the time. The present and certainly the future demand great speed and efficiency. Aviation will provide it...Wars will come and wars will go, and we will retain all the faults of human beings....No matter how spectacular the headlines in tomorrow's paper may be, the noisy snarl of a bomber is not the true and lasting song of the air."

Gann is the grandson of the late Mr. and Mrs. R. M. Gann, of 1756 Ponce de Leon avenue, and is the nephew of Archibald Gann.

TWIN BROTHERS DIE. NORWOOD, Mass., May 16.—(UP)—Two hours after Francis Conlon, 41, died of a heart attack while sitting in a chair his twin brother, Raymond, arrived to make funeral arrangements. He dropped dead of a heart attack while standing beside the same chair.

Sponsors will hold a barbecue at 6:30 o'clock tomorrow night at Rutland lake, in DeKalb county.

DENTAL MUSIC URGED. MEMPHIS, Tenn., May 16.—(AP)—Soft Music to drown out the nerve-grating whirr of the dentist's drill is recommended as an anaesthetic by Dr. Elmer S. Best, of Minneapolis. He told of experimental work where earphones were placed in the dental chair and music played during drilling operations. The music, he explained, counteracts the noise of drilling.

Need Money! Let Constitution Want Ads pinch hit for you. Sell Don't Wants.

Man Wonders If Nazis Spared 'Hotel Atlanta'

J. G. Oglesby Says He Stayed There While in Rotterdam.

When J. G. Oglesby, of 2845 Andrews drive, read in the paper that the Dutch liner Statendam

had been set on fire by German bombs in the harbor at Rotterdam, he began to wonder how the Hotel Atlanta was faring.

So far, he hasn't found out, for the news hasn't carried that fact. But to prove that there is a Hotel Atlanta in Rotterdam, he dug down into a trunk and found a photograph of it. It's Rotterdam's best hotel, and Mr. and Mrs. Oglesby stayed there when on a world cruise in 1935.

He asked a lot of people why the hotel was named Atlanta, since that is a manufactured name borne only by this city. But nobody gave him any adequate answer, and he's still wondering.

Awards presented by patriotic societies of Georgia, including sev-

eral posts of the American Legion and the Sons of the Revolution of the State of Georgia will be made following the parades.
